

AgriHub Inc., is currently recruiting for a **SUPPLY CHAIN MANAGER** based in Winnipeg, MB. The Supply Chain Manager will coordinate, organize and oversee all activities involved in the identification, acquisition, and distribution of products to our customers.

JOB DESCRIPTION

- Daily supervision and leadership of the supply chain staff including training, time management, coaching and mentoring, and overseeing daily workflow and schedules of the department.
- Overseeing demand planning for services and products
- Working with relevant departments to manage inventory requirements; facilitating timely placement of purchase orders
- Overseeing the forecasting of price trends and their impact on future activities
- Identifying and sourcing new suppliers in terms of best value, delivery schedules and quality
- Building and maintaining good relationships with new and existing suppliers
- Developing, negotiating and administering purchasing agreements and contracts with suppliers
- Monitoring supplier and vendor compliance with contractual agreements; measuring and managing the vendor and supplier cost, quality and delivery performance; overseeing supplier compliance with internal quality standards and external regulations
- Identifying optimal shipment and transportation routes with attention to consolidation of warehousing and distribution
- Troubleshooting cost, quality and delivery concerns
- Establishing standard operating procedures for purchasing and monitoring the effectiveness of them

REQUIRED SKILLS

- Bachelor's degree in Business or related field is an asset
- Supply Chain related education, designations, training (APICS, etc) is an asset
- Three years of experience as a supervisor, manager, or similar relevant position required
- Excellent verbal and written communication skills
- Excellent interpersonal and negotiation skills with a proven ability to create and maintain positive working relationships with vendors, suppliers, shippers, and customers
- Strong supervisory and leadership skills
- Excellent organizational skills and attention to detail
- Thorough understanding of company products and logistics
- Strong analytical and problem-solving skills
- Proficient with Microsoft Office Suite or related software
